STORAGEBIRD USB 2.0
STORAGEBIRD USB 2.0 bus powered

Issue July 2006

Pages 2

The STORAGEBIRD USB 2.0 is a high-class state of the art storage device, which can be used with any standard USB port. Because of its compatibility with USB 2.0, USB 1.1 it can be used with a large variety of electronics devices. It is designed for both notebook and desktop users. Data transfer was never easier.

- Stores 80 or 100 GB of miscellaneous data
- Ease of use – driverless for Microsoft® Windows® XP
- Very convenient due to compactness; fits in any pocket
- Plug and Play
- USB bus powered or via external power supply
- Two product delivery versions:

  With power supply included in the package

  Or

  Bus powered only (power supply unit available as additional accessory)

Physical specifications	
Dimensions	135 x 80 x 25 mm
Weight	~ 300 g
